

# UPDATE TO OUR STUDENT INFORMATION SYSTEM

**Company**  
**May 2021**

Accreditation is foundational to our institutional success, so we have been working hard to ensure your access to relevant data is as clear and simple as possible. We have implemented a new student information system that has combined our multiple platforms previously used

into one. Our institutional research and assessment staff will now be able to provide real-time data to your officers faster than ever. You do not need to make any changes. We appreciate working with you and hope to make your jobs easier through streamlined data reports.
